

Our mission is to make interesting products of the Eastern European automobile industry available to all interested parties from the European Union or European Economic Area.

Vehicle Offer: Lada Niva Legend LCV Singlecab

Basic Technical Description

The light off-road Lada Niva Cargo Singlecab 2346 is based on the time-proved 3-door Niva. It offers a unique combination on a self-supporting frame body. Its rear utility conversion is based on a special high torque frame. The independently suspended front axle uses coil springs to maintain driving comfort while the rear solid axle has leaf springs to provide a higher payload capacity. The outstanding road and off-road capabilities are secured by an extended wheelbase, vibration dampers, modernized chassis and all-time 4WD.

Vehicle category:	N1G
Drivetrain:	4x4
Total weight:	1370 kg
GVWR:	580 kg
Number of seats / doors:	2/2
Clearance:	210 mm
Main dimensions (L × W >	4562 × 1734 × 2057 mm
H):	

Wheelbase: Front gauge: Rear gauge: Fuel tank capacity: Cargo space size: 2 850 mm 1440 mm 1436 mm 42 L 1860 × 1630 mm

Engine VAZ 21214

This proved petrol 1.7 litre engine is equipped with BOSCH fuel injection. This OHC engine is able to run in any conditions – extremely low or high temperatures. The output and torque curves together with differential gear ratios enable a problem-free off-road driving. It is compatible with OBD II standard, so the vehicle can be diagnosed in any workshop equipped with BOSCH or OBD II compatible diagnostics. This engine type can be modified to LPG fuel.

Fuel: Engine capacity: Output: Torque: Fuel consumption: CO₂: Petrol 1690 mm³ 61 kW / 5000 rpm 129 Nm / 4000 rpm 10,2-10,5 l/100km 241-248 g/km

The Lada Niva Cargo Singlecab 2346 has a very simple and functionalistic construction of the engine, transmission, and chassis in order to secure low running costs. It is a very reliable vehicle with low maintenance needs suitable for the most demanding conditions, especially in its off-road HardCross edition.

Information

Payment terms and conditions

An advance payment of at least 80% is required when ordering a new vehicle from Russia. It can be agreed individually.

Vehicle delivery period

When ordering a new vehicle from Russia the delivery time is 6-9 months if the vehicle is not in stock at the manufacturer.

LADA AMC vehicle warranty conditions

The standard warranty period provided by the importer according to the vehicle price offer is 24 months or up to 100 000 km driven, whichever occurs first. Warranty conditions can be agreed individually with the business entities: the vehicle warranty period can be reduced upon agreement with the customer in the form of a discount, or extended upon a surcharge. The warranty period cannot be reduced in case the customer is a natural person. Terms and conditions are governed by bilaterally signed vehicle warranty conditions which constitute an integral part of the purchase agreement and handed over documentation.

LADA AMC vehicle warranty repairs

In case a failure occurs within the warranty period, it can be claimed:

1. at warranty service of AMC spare parts s.r.o., business address: Radíkovice 19, Hradec Králové 503 27, Czech Republic or at another chosen warranty service centre within the AMC service network (Warranty service centre is authorized to perform warranty repairs without a consent of the seller)

2. at the seller, who, if necessary, issues a single license - written agreement with the specific defect repair at the selected service centre within the AMC network (Authorized Service is not authorized to perform warranty repairs without the consent of the seller)

Regular service of LADA AMC vehicles

1. AMC Full-Service:

Regular vehicle service (as prescribed by the periodic maintenance in the service booklet) is provided by a service centre of the importer, authorized by AMC spare parts s.r.o., business address: Radíkovice 19, Hradec Králové 503 27, Czech Republic and through AMC full-service. The vehicle can be for a pre-agreed fixed fee regularly taken to be serviced by the importer and after performing the service it is immediately returned to the customer. There is full liability insurance for the vehicle taken. We recommend it for vehicles used in the Czech Republic and neighbouring countries.

2. Service through the network of authorized AMC service centres:

Regular vehicle service (as prescribed by the periodic maintenance in the service booklet) is provided by a contractual authorized service centre of the importer. It is guaranteed that the service centre is located within 40 km from a place of the vehicle operation. The authorized service centre is obliged and entitled to carry out the vehicle full service and repair works paid by the customer. The authorized service centre is not automatically entitled to exercise the rights of the buyer resulting from the warranty, but after a specific written consent of the seller it can be entitled to settle them.

3. Find your service

Do you know a service centre in your neighbourhood that you would like to use for the maintenance of your new LADA vehicle? Do you know that they charge reasonable prices, have an experienced staff, good references and satisfied customers? Just ask. In case of interest, we are ready to sign a vehicle service authorization contract with your chosen service centre and to include it into the AMC authorized service network.

Separate supplies of spare parts

Spare parts and additional equipment for LADA AMC vehicles are anytime ready for you at reduced prices in the central warehouse of AMC spare parts, s.r.o., business address: Radíkovice 19, Hradec Králové 503 27, Czech Republic. The spare parts are distributed via postal or courier service directly to your address every working day. Your order has to be received before 4:00 PM in order to be dispatched on the same day.
